

T.I.A.S

Topic: 121 hikers were rescued from hanakapi'ai

Issue: The Hanakapi'ai Trail can be very dangerous for inexperienced hikers.

Angle: The story is told from the firefighters perspective

Story: There were so many people in Hanakapi'ai that many are wondering why. The story is also to let the inexperienced know that there are risks to hiking that trail.

6 Step Outline

1. These firefighters go about their daily routine, that includes keeping people safe on the Hanakapi'ai Trail on Kauai's North Shore.
2. While the trail is beautiful, it also can be very dangerous. (beach, terrain, flash floods, etc.)
3. On April 6th, 2014, 121 hikers and campers were stranded when flash floods swept through the area.
4. A team of firefighters from the Lihue Station were called to assist with the rescue.
5. The Lihue Firefighters were recognized nationally for their work that day.
6. Accolades aside, firefighters and their families try not to think about the dangers and remain dedicated to the job, because... of their love and passion for the job.
